Feedback from Ece Ozdemiroglu's Natural Capital CPD sessions with the Landscape Institute

The work that Ece Ozdemiroglu, and her colleagues at *eftec*, do is incredibly relevant to the landscape profession and the Landscape Institute's members. We asked her to host sessions on natural capital accounting at our Continuing Professional Development (CPD) Day events and have been delighted with the response from delegates.

Ece's sessions are enormously popular and always the first to fill up when delegates have a choice of options. Verbal feedback on Ece's sessions is always overwhelmingly positive and complimentary and we've had some written feedback as well, which I have given below. All our surveys of her sessions have returned a 100% rating of 'excellent'.

Some examples of written feedback about Ece Ozdemiroglu's sessions

Really timely and very useful info.

Very interesting, exactly the kind of talk I expected at the CPD day.

A truly excellent session. Ece was a fantastic communicator.

I wouldn't hesitate to recommend Ece, and her colleagues at *eftec*, for participation in training and other events. It's always a pleasure to work with them and I do so in full confidence that their contribution will always be one of the most valued parts of any event.

Yours sincerely
